

Mrs. Larson's Class

Mrs. Larson is helping students find numbers around the building! What number do you see?

Mrs. Larson, along with Mrs. Caputo have been working hard with our 4K class– they are learning numbers, colors, and shapes. They are having a great time in class.

If you get a chance stop in and say hi!

Mrs. Larson, Mrs. Caputo and all the scary 4K goblins!!!

Wow, how many numbers are here? Which number is this one?
